## Rondo Flow Regulated Micro Sprinkler

### Product Features

Consistent Flow Rate  
Gentle Droplets

### Applications

Orchards

### Product Options

Flow rates: 6.1, 7.9, 11.0, 14.0, 18.5, 25.1  
gph

### Operating Guidelines

Operating pressure range: 22-50 psi

Filtration requirements:

gph	Microns	Mesh
≤ 0.320	100	150
>0.320	130	120

The RFR Flow Regulated Micro Sprinkler has all of the great features of the standard Rondo Micro Sprinkler with the added feature of flow regulation, delivering constant flow rate under the most challenging topographical conditions. And because the RFR Micro Sprinklers have low application rates and gentle droplets, growers reduce run-off on penetrable soils. Add an anti-insect cup and help protect the sprinklers from clogging caused by insects.

All of the RFR Flow Regulated Micro Sprinklers are manufactured with superior materials. The high performance materials resist UV degradation and damage from chemicals and fertilizers commonly used in agriculture. With high performance and superior materials, the RFR Flow Regulated Micro Sprinklers are made to last.
